

Province 12 Marketing & Communications Report – Q2 2024/2025

Catena Magazine

As far as I am aware no articles were received by the Editor from the Circles of Province 12 in the previous 3 months. To keep us interested there was surge of letters in response to the current motion relating to the inclusion of women within the Association.

Compass Newsletter

Issue 18 of Compass was distributed digitally in time for some summer reading and new material is on its way.

Membership Focus

If banners are displayed within our parishes, it might be useful to print (or re-use) a few copies of Compass to hand out in support of the overall message, “Who Are the Catenians”.

Barry Paddington

Provincial Marketing & Communications Officer
